EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- a. Claim 1, lines 9 and 11: Delete "cut" and insert ---half-cut---;
- b. Claim 5, line 8: Delete "cut" and insert ---half-cut---; and
- c. Claim 6, line 6: Delete "cut" and insert ---half-cut---.

Reason for Allowance

2. Pending claims 1-11 are allowed.
3. The following is an examiner's statement of reasons for allowance: The closest art Takada et al. (JP 10-250240) teaches a dye thermal transfer receiving sheet comprises a separator portion having a separating sheet base and a release agent layer formed over one side of the separating sheet base, and an image receiving sheet portion having a receiving sheet base, a dye image receiving layer formed over one side of the receiving base sheet and an adhesive layer on the other side thereof, wherein the adhesive layer faces the release agent layer. A half-cutting process is also performed. However, the Takada reference neither teaches nor suggests that the receiving sheet has a stress relaxing means or a dummy half-cut as recited in claims 1 and 5.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
